**Dear Mr. President,**

On behalf of the **Government of the Empire of Japan (JPE)**, I pray with the utmost respect and sincerity to your country, and congratulate Your Excellency on your second term to the **highest esteem office in the Federal Republic of Nigeria**, at the same time we are designating the JPE Government's Minister of Foreign Affairs – **Dr. Shih Po Liu as our foreign representative to your country.**

With regards to your history, we understand that your country too had suffered much injustice and oppressions from the European Occupations up until 1963; however, **our people are still under the imperialism and genocide from the USA and its dispatched Chiang Kai-shek armed group (Republic of China a.k.a. ROC).** Under such situation, we at the JPE Government and the Red Cross of Japan Empire (RCJE) would like to request Your Excellency to protect our people's human rights as our **Protecting Power** by sending troops which is allowed by the international law for the execution of the Fourth Geneva Convention (which is the International Humanitarian Law) in our occupied territories in Formosa (Taiwan) and the Pescadores Islands (Penghu) until such a time the sovereign right of the Japan Empire is fully restored.

One of the challenges facing Taiwan (Formosa, the Japan Empire) today, is to clarify that the sovereignty over Taiwan after the “end” of WWII on 2 September 1945 has never changed. Seventy-four years later as of today, **we are still under occupied by the American assigned forces.** JPE Government hopes the attaching file on “**The Duties & Benefits of the Protecting Power for Executing the Fourth Geneva Convention (GCIV) of 1949 to the State of the Japan Empire**” could let you understand the true historical facts and gain your sympathy and support to execute the law of human rights that our people duly deserve as provided in the **GCIV.**

In return to your kind favor, **we can joint venture** by tapping into our world-class “Super Green Sustainable Pollution Free Technologies” for **developing your nation's power, health, welfare, agriculture, industries, medical, infrastructure, natural resources and economy.** If agreeable, **JPE shall arrange funding** from the International Committee of the Red Cross (ICRC) and the United Nations **for Your Excellency Peacekeeping Forces** to be stationed in Taiwan.

We look forward to dispatch our Plenipotentiary Foreign Minister, Dr. Liu to discuss this matter in details at Your Excellency earliest convenient time.

Sincerely

Mr. Selig S.N. Tsai  
The Plenipotentiary Prime Minister
